Rating Rationale and Key Rating Drivers

The ratings reflect Jahangir Siddiqui & Co. Ltd.'s (JSCL) strong presence as a Holding Company in the financial sector with a basket of strategic investments most prominent of which are JS Bank, BankIslami Pakistan, EFU Life Assurance and EFU General Insurance. JS Bank is on its path to establish itself in the medium sized banking sector. BankIslami aims to expand its lending portfolio by funding through its increased deposit base, however, the bank's lending portfolio has slimmed down while NPLs have decreased during CY18. Meanwhile, EFU Life and EFU General continue as a stable income stream for the Company. JSCL has increased its stake in EFU General Insurance while it has divested in Azgard Nine as it makes significant progress in its diversification strategy in energy, petroleum, and infrastructure segment. The Company has made ~PKR 2bln investments in LPG Storage and Oil Marketing businesses. This is predominantly being funded by debt instruments. Although the investment activity has increased the debt exposure for the Company, it still remains within moderate limits.

Ratings draw strength from the Company's moderately leveraged capital structure and continuing growth trajectory in its existing strategic investments. Meanwhile, strict financial discipline in terms of coverages remains critical for ratings. Prolonged downturn in capital markets leading to substantial deterioration in the Company's investments will impact ratings.

Revenues JSCL's topline mainly comprises dividend income and capital gains which decreased by ~19% YoY clocking in at PKR ~1,246mln in CY18 (CY17: PKR ~1533mln). This is mainly due to lower capital gains on disposal of investments (CY18: PKR 56mln, CY17: PKR 284mln) and lower dividend income (CY18: PKR 1,016mln, CY17: PKR 1,054mln). During 1QCY19, the holding company's revenues increased to PKR 467mln compared to SPLY (1QCY18: 269mln) on the back of higher capital gains on disposal of investments. JSCL's dividend income is expected to be concentrated from insurance sector, while stock market performance would determine gains from disposal of investments.

Margins Finance cost increased substantially (78%) in CY18 as compared to corresponding period last year (CY18: PKR 395mln, CY17: 222mln), owing to an increase in interest rates and long-term borrowings.
